

## Clinical Training in Musculoskeletal Medicine

### Objectives (to be selected according to your interests)

- Apply ergonomic optimization methods
- Use effective interview techniques to identify the causes and differential diagnosis of pain
- Refine physical examination techniques in MSK medicine
- Generate standardized images with point-of-care ultrasound
- Plan discussions with patients (treatment options and informed consent)

### Important Note

Dr. Garant does not offer the opportunity to perform ultrasound-guided injections on his patients. To develop these skills, you may register for the FMOQ cadaver workshops:

<https://evenements.fmoq.org/ateliers-de-formation/>

### Fees

Physicians: \$1000 + taxes / day (FMOQ CME credits and RAMQ reimbursement available)

Other healthcare professionals: Free of charge

### Practical Information

#### Location

Alta Physio Clinic  
1530 rue du Sud, Suite 200  
Cowansville, QC, J2K 2Y8

#### Schedule

8:00 AM to 4:00 PM

#### Lunch

Restaurants are available nearby, but ideally bring your lunch to eat with the physiotherapy team.

#### Dress Code

Scrub top + scrub pants or clean pants (no jeans)

**Suggested Accommodation**

Auberge West-Brome, Hotel Vallea Bromont, Gîte Passe-partout, etc.

**Contact**
